Daphne W Cleaner PD

Aluminum and iron combined water-soluble washing oil

1. Applications use

Daphne W cleaner PD is, as a water-soluble wash oil of aluminum-iron combination, aluminum corrosion resistance, anti-foaming properties, corrosion resistance, and excellent resistance to spoilage.

2. Features

1. Daphne W cleaner PD has a superior cleaning ability, even in especially under 60 °C before and after the hot water environment, aluminum corrosion resistance, there is no reduction in the de foaming performance.
2. Container with consideration to the environment. Organic Solvent Poisoning Prevention Regulations (Occupational Safety and Health Act), the Air Pollution Control Law, is a non-subject goods specified substances specified in the PRTR Law.

3. Typical Properties

items	Analysis Value
Density (15°C) g/cm ²	1.0332
Color ASTM	L 0.5
Viscosity@40 °C mm ² /s	2.479
pH 10 dilution	9.5
Appearance	Pale Yellow Transparent
Dangerous Classic	Non-hazardous

4. Cautions

- (1) Normally, it can use from 1 to 10% aqueous solution.
Please use at a concentration of 3% or more in the case, which is focused on prevention of rust.
- (2) It can be used from room temperature.
- (3) Because you are using a silicon-based anti-foaming agent, please Notes when precision cleaning

- Based on available information, this product is not expected to produce adverse effects on health when used for the intended application and the recommendations provide in the Safety Data Sheet (SDS) are followed.
- SDS is available upon request through your sales contract office, or E-Mail : order@apollothai.com
